- TVs/computers

Safety Tips!!

How Should I Prepare Materials for Transport to the Collection Site?

- Bring products in their original containers. **Do not mix products!**
- Make sure containers are properly sealed.
- If the containers leaks, use an absorbent, such as cat litter, to soak up leaks.
- If you do not know what it is, mark it "unknown."
- If possible, place materials in cardboard boxes; boxes with dividers make for good packing.
- Place materials in areas away from drivers and passengers.

**If you have any questions concerning hazardous waste disposal,
please contact Republic Services at 210.304.2700.**
