

Fight F.O.G Bill Insert

🚫 Don't Let F.O.G. Ruin Your Holidays!

The City of Fair Oaks Ranch wants to help you keep your holidays merry, bright, and clog-free! F.O.G. — that's Fats, Oils, and Grease — may look harmless when warm, but once it cools, it sticks to your pipes and causes messy (and costly) sewer backups.

Our festive little "F.O.G. monsters" are here to remind you:

- **Cool it, Can it, Trash it!** Pour cooled grease into a covered container and toss it in the trash.
- **Wipe and Toss.** Use paper towels to soak up greasy leftovers.
- **Scrape Before You Wash.** Get rid of food scraps before rinsing dishes.
- **Strain the Drain.** Use a sink strainer to catch food waste before it sneaks into your pipes.

By following these easy steps, you'll help protect your plumbing, your wallet, and our community's sewer system — so everyone can enjoy a stress-free holiday season! 🏠 🌲 ✨
